Date: 27-06-2022

POSTPONEMENT OF THE 2022 GAAE CONFERENCE TO 5th – 8th OCTOBER, 2022

Indeed, the COVID-19 pandemic has affected all activities, particularly the academic calendar of universities & research institutions in Ghana. To ensure full participation of the up-and-coming academics & researchers (Students) in this year's conference, the national executives of the Ghana Association of Agricultural Economists (GAAE) regret to inform members & the general public that, the 5th GAAE Conference in Sunyani has been postponed to **5th -8th October 2022** (the University of Energy and Natural Resources).

In a recent national executive virtual meeting (held on the 27th of June 2022), the National Executives considered all the options to hold the conference as scheduled for this year, however, given the complexity of the conference programme and the fact that a key component of the conference is to encourage the physical interaction and exchange of ideas of the young up and coming scientist with experienced academics and industry players in agriculture, agribusiness & related fields, the LOC together with the National Executives felt that the best option would be to postpone the conference to October 2022. Please see below detailed timelines of activities leading to the 2022 conference.

We apologize for any inconvenience this might cause while thanking you for your usual cooperation. Please stay safe.

Dr. Amos Mensah
(GAAE Secretary)

CC:

The president GAAE
GAAE National Executives
LOC Chair (2022 GAAE Conference)
